

GOOD ROADS SCOUTS DRIVE THROUGH MUD ON THEIR WAY HERE

Delayed in Warrenton Because of Broken Speedometer.

Burman Doubtful Starter

There is a strong probability that "Wild Bob" Burman will not be seen in the Grand Prize race to be run at Savannah Thanksgiving Day. There is a difference of opinion between Jesse Froelich, sales manager of the car Burman drives, and the speed merchant. The cause of the trouble is the make of tires to be used on Burman's car. "Either Burman will use the tires I want or he will not handle my car," declared Froelich. "I hope he will come to my way of thinking, but if not, I will get another driver."

By HARRY WARD.

Somewhere between Warrenton and Washington the good roads scouts of the American Automobile Association are plowing through the mud in their Kirt car. They will arrive here this afternoon and tomorrow will resume their journey to New York. The scouts were scheduled to land in Washington yesterday, but a broken speedometer necessitated a layover in Warrenton while new parts for the instrument were sent from this city. The scouting party is composed of E. L. Ferguson, who was the starter of the Glidden Tour; James Hemstreet, an experienced pathfinder, and Ira Waterman, who is the pilot of the Kirt car. Being used to lay out a new route between New York and Jacksonville, they have had some interesting experiences during the three weeks they have been on the road and have been instrumental in arousing keen interest in the plans of the American Automobile Association to afford motorists an ideal route between the North and South.

The first of the 1912 Lozier models made its appearance in Washington Saturday, and Manager W. M. Gleeson, of the Lozier Sales Company, was busy all day showing the new models to the admiring motorists. "We have booked a large number of requests for demonstrations," said Manager Gleeson, "and the interest being manifested in the Lozier line leads us to believe the car will make a big hit here."

Merrill T. White, of the Stevens-Duryea Company, was in Washington yesterday visiting T. Lamar, of the Stevens-Duryea agent. He inspected the new building at 1218 Connecticut avenue, which will open as an automobile showroom on December 1. "The location is an ideal one," said Mr. White, "and I am delighted to find that the Stevens-Duryea car will be housed in such fine quarters." Mr. White is making a trip through the South.

With the big racing carnival at Savannah but two weeks off, the Southern city is filling up with drivers, mechanics, and helpers. The training camps are in full blast, and from now on until the start of the four races scheduled, the big racing monsters will burn the seventeen-mile circuit in practice spins. Ralph Mulford and Harry Grant, the Lozier pilots, arrived yesterday and established a training camp at Thunderbolt. Some of the makers entering cars in the Vanderbilt and grand prize races, which events are only three days apart, are entering separate cars and separate drivers in the two events, but the Lozier team pins its faith to the same two cars for both of the big races. Grant will be a popular favorite in the Vanderbilt, which classic he has won for the past two years. Mulford's work at Indianapolis, Elgin, and Mount Park this year has firmly established his reputation as being one of the greatest automobile race drivers in the world. The cars to be used by the Lozier team are of 40-horsepower and are duplicates of the car with which Mulford won the 600-inch classic race at Philadelphia some weeks ago.

Tars to Spend Holiday Season at San Francisco

Announcement was made by Secretary of the Navy Meyer of the fleet movements during the next few weeks. The first, second, and third divisions of the Pacific fleet will visit the Mare Island navy yard, at San Francisco, for docking and necessary repairs about December 10, and will remain there until about January 10. These vessels will therefore spend the holiday season in San Francisco. After dock at the Boston navy yard, the Utah and Florida will commence a shaking down trip, meeting at Pensacola on December 16, and finally arriving at Guantanamo about January 5. The first squadron of the Atlantic fleet will leave Newport about November 17, and on the same day the second squadron will sail from Hampton Roads. These squadrons will then operate against each other at sea in strategic games, introducing a searchlight problem under the direction of the commander-in-chief.

ALEXANDRIA HOLDS BACK ANNEXATION

Extension Bill's Former Reading "Gentlemen's Agreement," First Official Cognizance Is Given Week Later. Opposition Expected.

WASHINGTON TIMES BUREAU, ALEXANDRIA, VA., NOV. 15.

Several members of city council at last night's meeting, confidently expecting that the much mooted ordinance providing for the extension of Alexandria's city limits, would come up for passage, were surprised to learn that the bill had yet to be put on its first reading.

President Snowden explained that while the bill had been read at the previous meeting, under a "gentlemen's agreement" then made, this was done simply to give the members more light on the matter, and was not to be construed as a first reading. Councilman Smith contended that the proposed ordinance was now on its second reading, and subject to amendment. While the chair overruled, calling attention to the fact that because of the absence of Mr. Smith at the previous meeting, the reading was understood as informal. It was then agreed to allow the ordinance to lie over until the next meeting for action.

There is every indication that the matter of annexation will meet with considerable opposition from both within and without. Several members urged that no hasty action be taken in the matter, which calls for cool and careful consideration. Councilman Brockett called attention to the city's needs in the matter of a high school building.

At a joint session of the common council and the board of aldermen the vacancies on the board of school trustees were filled as follows: First ward, Luther H. Thompson; Second ward, P. M. Bradshaw; Third ward, Carroll H. Pierce; Fourth ward, T. L. Carter.

An ordinance was introduced providing that electric cars shall not run through the city at a greater rate of speed than fifteen miles an hour, the penalty for violation of which is a fine of \$25 for the company and \$10 for the driver and conductor. The present city speed limit for cars is eight miles an hour. Attention was called to the fact that the ten-year contract between the city and the Washington-Virginia Railway Company, providing for the company's use of the Royal street tracks as a terminal, at an annual rate of \$1,000, expired last April, and the old ordinance, providing for the company's use of the Royal street tracks as a terminal, was not renewed. The corporation attorney is directed to advise for bids for the use of street for the purpose named.

Councilman Marshall asked that he be relieved of chairman of the committee, explaining that he objected to serve on any committee made subservient to the wishes of a grand jury. On suggestion of Councilman Leake, and President Snowden, Mr. Marshall permitted the matter to lie over until next meeting.

A report was received from the city engineer in answer to the council's inquiry of the approximate cost of opening and grading the square on Peyton street, between King and Cameron streets. The cost was estimated at \$2,250.

An appropriation, not to exceed \$140, was made for the installation of first floor and second floor fire escape at the city almshouse, and \$50 was appropriated for the repair of the almshouse building. The sum of \$150 also was appropriated for painting and plastering the residence portion of the city jail.

A favorable report having been received from the committee on lights, it was decided to grant the request to have the light south of King street, on Pitt street, removed to the corner of Cameron and Pitt streets. The petition for the placing of an improved gas lamp at the corner of Oronoko and West streets was also granted.

Policemen John T. Roberts and Charles Bond last night arrested Rachel Williams, colored, and later Adie Jones, an alleged confederate, who are wanted in the Capital on the charges of theft of money and goods valued at \$20 from Mrs. M. Wood, 694 A street northeast. Detective Warren, of police headquarters, took the couple back to Washington this morning.

The annual visitation to Andrew Jackson Lodge of Masons will be made tomorrow night by Deputy Grand Master Allen, following which the master Mason's degree will be conferred on a candidate. On the night of Thursday, November 23, Alexandria Lodge will pay its annual visit to Andrew Jackson Lodge, conferring the same degree on one candidate.

M. B. Harlow and wife have sold to Mrs. Rose E. Downey the house and lot located on the east side of North Washington street, between Wythe and Madison streets.

The body of R. M. Graham, a telegrapher, formerly a resident of this city, who died in Asheville, N. C., was brought to this city today. Funeral

services will be held from Wheatley's Chapel tomorrow.

Funeral services for the late Mrs. Anna Lyles were held in Sharon Chapel, Fairfax county, today. The Rev. W. F. Watson, pastor of the First Baptist Church, conducted the services.

The State corporation commission has granted a charter to the Washington Film Exchange (Inc.), of Alexandria, for the purpose of engaging in the manufacture of kodak and camera films. The capital is stated as \$5,000 maximum and \$1,000 minimum and the following officers are named: J. W. Miles, New York city, president; Arthur Lucas, Washington, vice president; and Joseph G. Marquette, Washington, secretary.

"Just Plain Folks," a comedy drama, played by a local dramatic company, was witnessed by a large audience last evening. The proceeds from the affair were devoted to the funds of the Alexandria Free Kindergarten.

The monthly meeting of the board of police commissioners will be held tonight, when the report of the chief of Police Goods will be received, and routine business transacted.

Important business matters were transacted at last night's meeting of Samaritan-Rebekah Lodge, Daughters of Rebekah.

National Grange in Session at Columbus

COLUMBUS, Ohio, Nov. 15.—The National Grange, the largest and most influential organization of farmers in America, met for its annual session in Columbus today, with delegates present from every State. Additional interest is given the meeting this year by the probability that its attention will be called to the charges made that the organization is controlled by certain powerful factors, whose activity in national politics has militated against the success of the grange, and minimized its influence.

Boy Slayer Granted Reprieve of Month

HALIFAX, N. S., Nov. 15.—Instead of being executed today, in accordance with the original sentence imposed upon him, Harry Wilson, the boy murderer, in jail at Digby, has been granted a reprieve of one month, with good prospects that he will escape the gallows altogether. Today the full bench convened in this city to take up his case, which has attracted wide attention throughout eastern Canada. The crime of which Wilson was convicted was the murder of his brother, George Wilson. The tragedy is alleged to have resulted from a quarrel between both the brothers were intoxicated.

Colored Laborer Cut During a Quarrel

During a fight between two colored laborers on the new Wilkins building, 1412 H street northwest yesterday, Charles Young, colored, of Deanwood, was stabbed with a pocket knife in the left arm and side. He walked to the Emergency Hospital, where it was said the wounds were not serious. J. W. Evans, who is alleged to have done the cutting, disappeared before the arrival of the police.

The Perfect Laxative For Elderly People

Age has its attractions no less than youth in a more serene and quieter life. But it is this very life of rest without sufficient exercise that brings with it those disorders that arise from inactivity. Chief of these are a chronic, persistent constipation. Most elderly people are troubled in this way, with accompanying symptoms of belching, drowsiness after eating, headaches and general lassitude. Frequently there is a feeling of fullness, even light food. Much mental trouble ensues, as it is hard to find a suitable remedy. First of all the advice may be given that elderly people should not use salts, cathartic pills or powders, waters or any of the more violent purgatives. What they need, women as well as men, is a mild laxative tonic, one that is pleasant to take and yet acts with requirements, and has in addition tonic properties that strengthen the stomach, liver and bowels. It is Dr. Caldwell's Syrup Pepsin which thousands of elderly people use, to the exclusion of all other remedies. Trustworthy people like Mr. Joseph Smith, 308 Gressett St., Petersburg, Va., and Catherine Reynolds, 414 Waverly Ave., Baltimore, Md., say they take it at regular intervals and in that way not only maintain general good health, but that they have not in years felt as good as they do now. You will do well to always have a bottle of it in the house. It is good for all the family. Anyone wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents, may have a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 408 Washington St., Monticello, Ill. Your name and address on a postal card will do.

TYREE'S

DERMICA BALM

An improved form of Toilet preparation for the face, lips, or any roughness of the skin, but more especially for CHAPPED and CRACKED HANDS, occasioned by cold, exposure to harsh winds, or use of numerous Toilet creams, ointments, and lotions. TAF TOWAIT UNTIL NEW YEAR BEFORE APPOINTING JUDGES

Tells Callers He Will Give Each Candidate Care and Consideration.

President Taft has announced that he will not fill the vacancy on the United States Supreme Court or any of the other judicial vacancies until after the first of the year.

In discussing the bench appointments with friends today, the President made it clear that he has before him scores of names for consideration. It is said that more than a dozen names for the Supreme Court vacancy were before the President, and that the friends of practically every United States circuit judge in the United States were urging the promotions of these officials. There are judicial vacancies in Illinois, New York, and in a number of other States. The President has declared positively that he will fill all the vacancies at one time, when the United States Supreme Court. This is taken to mean that a circuit judge will be named for the Harlan vacancy.

Miner Prevents Wreck Of Passenger Train

WILKESBARRE, Pa., Nov. 15.—Presence of mind displayed by Evan M. Evans, a miner of this city, prevented the New York and Buffalo express of the Lehigh Valley railroad being wrecked at Warrior Run. The train carried 300 passengers.

A deliberate attempt to wreck the express had been made by fastening thirty feet of heavy logging chain around one of the rails of the north-bound track at the foot of the steep grade down the mountain. The chain was wrapped around the rail at a point where there is a steep embankment, and if the train had struck it a dreadful wreck would have occurred. Evans, walking home from work, stumbled on the chain. Knowing the express was due, he dashed up the mountain to intercept it. He had gone 300 yards when the train swept around a curve, and the engineer, seeing Evans waving his miner's lamp, put on the brakes and stopped a short distance from the obstruction. The railroad believes the wreck was planned in the hope of getting booty from the express car.

New York State Will Electrocute Three Men

ALBANY, Nov. 15.—Three murderers will be put to death in Sing Sing prison next week as a result of the refusal of Governor Dix to extend executive clemency. They are Frank Schermerhorn, Signor Pletre Palletto, and Bert L. Ryan. Schermerhorn, a coachman, murdered Sarah Brymer, a nurse, in Millbrook, on January 13, 1910. Palletto killed Louis Levine in Port Chester on August 15, 1909. Brown, a negro, murdered his half brother, William Brown, in Rye, on January 21, 1911. All three cases were tried to the court of appeals which affirmed the convictions.

Dog Stops Runaway.

CHICAGO, Nov. 15.—Queen, a pedigreed bulldog, stopped a runaway horse by leaping up and grabbing the bridle and hanging on, despite the frantic efforts of the horse to shake it off, until the runaway stopped.

CHILDREN'S NERVES ON ROAD TO RUIN, DR. WILSON SAYS

Application of Adages Bad, Hygiene Imperative, He Tells Teachers.

That the old adages "Spare the Rod and Spoil the Child," and "A Child Should Be Seen and Not Heard," are responsible for much of the nervousness of children, was the declaration of Dr. William H. Wilson, when he lectured before the Deaewood Citizens' Association last evening.

"A child seen and not heard is bound to be a dull boy," declared Dr. Wilson. "And the maxim regarding the rod and spoiling the child has been worked overtime. Our juvenile courts are crowded daily with boys whose backs show the signs of whippings, yet this corrective does not seem to have had the desired effect."

Dr. Wilson's subject was "Nervousness in Children and How to Avoid It." His talk was the first of a series to be given before teachers and parents of school children, directed by the American Medical Association, and the Woman's Clinic, of this city.

Too many clothes, too little sleep, poor food, and lack of hygienic care of the body were other causes of nervousness among school children which, Dr. Wilson said, is increasing to an alarming extent.

But the greatest preventative of this annoyance, the physician declared, is a healthy moral tone. Nerves are affected by false standards of right and wrong. Impress your child with the standards you observe. Whatever our differences in creed and belief we must acknowledge as a scientific fact that the tenets of Christianity make for living that is healthful and hygienic.

Examination for the Position of Farmer

A civil service examination to determine the qualifications of a farmer, will be held by the Civil Service Commission on December 13. Incorporated in the examination are several subjects that will make many a tiler of the soil curl his lip in scorn. This government farmer must qualify as a penman. Penmanship counts five points. He must be able to pass a spelling examination, and show neatness and accuracy in copying. He must know farm economy as relates to implements, and construction of farm buildings. He must be able to keep accounts, and be able to answer practical questions. His training and experience in farming and carpentry will count 20 per cent.

For all of this knowledge he will receive from \$200 to \$300 a year if he gets a job. He will be employed in the Indian service, at the school at Bismarck, North Dakota.

Accused Man Caught Through His Affinity

EASTON, Pa., Nov. 15.—Because he had an affinity, George F. K. Kemmerer, the clever young man who obtained more than \$200 from Nazareth merchants by handing them checks for small amounts when he had no money in bank, now languishes in the Northampton county prison. One of his victims knew Kemmerer had a sweetheart in Philadelphia, and on Sunday, when he paid an expected visit to the woman, the check-giver was caught by the Quaker City sleuths. Confronted by his many victims before Justice Kostenbader he broke down and pleaded guilty. The American Bankers' Association appears as prosecutor, and will not consent to a settlement.

Delaware Silk Mill Destroyed by Fire

MARRHALLTON, Del., Nov. 15.—The Klamen silk mills here were destroyed by fire early today. Firemen were summoned from Wilmington and aided in the desperate battle waged to confine the flames to the mill structure.

No Trace of Hold-Up.

No trace has been found by the police of the two men who held up Raymond S. Mumford, of Alexandria, Va., and robbed him of a gold watch on the road leading from the Government Hospital for the insane to the steel plant at Gettysburg. The hold-up occurred early yesterday morning, but Mumford did not report it to the police until last night.

Woman's Safe Step to Better Looks

is not hard to find. If your eyes are dull—if your skin is sallow, or your complexion muddy, if you have no roses in your cheeks, do not bother with cosmetics. Don't risk harmful drugs. Get good, rich blood in your veins, and then you will have the bright looks and charm of perfect health.

BEECHAM'S PILLS

are wonderful aids to women and women's looks. If your blood is poor—if you are pale, weak and not up to the mark—your stomach and organs of digestion and elimination are the cause.

Beecham's Pills correct faults. They will help you to good digestion and active kidneys and regular bowels—to freedom from troubles—to purer life-making, beauty-creating blood. In all truth and seriousness, you will find that for good health and good looks, Beecham's Pills

Will Show the Right Way

In boxes with full directions, 10c. and 25c.
